2 large Cream cheese(8 oz. each)
3 eggs

350 degrees. 45-60 mins.

2/3 c. sugar
juice of one small lemon.

Beat sugar with softened cream cheese. Add eggs and beat until smooth. Add lemon juice and mix.
Bake in graham cracker crust. Check for doneness with toothpick. Let cool for 15 mins.

TOPPING

Bake 350 Ten mins.

1 C. of sour cream.
1 tea. vanilla
2 Tbls. sugar

Mix and spread on top of cheese cake. If cheese cake has formed a ridge along the outside of cake I slice it down till even with cheesecake. This way the top is completely even. I also like to eat the crust(ha,ha).

Chill for 3-4 hours. I like to top with cherry pie filling when I serve a piece. Love, mom.
